Fast, successful market launches

"The High Start Group deployed a highly experienced group of professionals who brought to life the voice of the customer and turbocharged our product rollout. HSG continues to be an integral part of our team!"
—Neil Lieberman, Executive Director, AT&T

"High Start Group provided outstanding expertise, supported the building of a world class mobile product and were valuable in creating a nationally acclaimed product launch."
—Manish Jha, CEO, enviO Networks

"Our entire senior management has been extremely impressed with the quality and integrity of HSG. They are smart and seasoned, get their hands dirty and they deliver a tremendous impact!"
—Jim Traindiflou, CEO, Insight Direct

"We knew our technology was solid, but HSG, leveraging deep experience, really helped us target and reach a mass market consumer audience."
—Dave Grannaen, CEO, Vlingo

Website Design

Wooding Designed performed design and production services for a modestly scaled corporate website for the High Start group, a company geared towards helping entrepreneurial companies accelerate product development and market fulfillment. The site is designed to scale easily as the company grows and is also able to display in a variety of browser environments including mobile phones.
